

NEWS LETTER - FEBRUARY 2005

With just 4 weeks before racing at Levels Timaru for Round Two in the New Zealand Super Truck Championship the BTR Team have done it yet again...

There's huge work to be done, I'm talking 5.5 tonne huge. Monday was spent traveling to Auckland to bring back the BTR Teams second Race Truck. That's right Malcolm has just purchased a sister for the West Bush Deer Stud Freightliner. I'm sure you would have seen her Racing around the Tracks before. She's the ex TDM (Transport Diesel & Marine) Kenworth.

There's a lot to be done in the next 3 weeks, we are giving it our best shot to have the new Truck as part of the Fleet at Timaru. Everyone loves a challenge and we sure have one of those on our hands.

In Other News ...

- * The Freightliner's new diff should be ready to go back on after the mishap which happened during qualifying at Manfeild. If time is on our side we should also have it back too running a single turbo.
- * In January Malcolm gave a great performance at the Closing Ceremony of the 2005 Scout Jamboree which was held at Manfeild Auto Course. There was no actual racing, but Malcolm did a great job simulating it. The West Bush Deer Stud Freightliner was definitely a crowd pleaser, especially when Malcolm proceeded to do donuts in front of the crowd.

* The Race Truck is next off to Mystery Creek to go on Display at the Field Days. While up there a set of Jacobs Brakes will be fitted to the ERF Tow Truck, which the boys at ADS (American Diesel Spares) have kindly donated.

Next Meeting Dates

ROUND	WHERE	WHEN
Two	Timaru	19 th - 20 th March
Three	Manfeild	2 nd - 3 rd April
